AN ANGLO-AMERICAN CHURCH.—The Concert and Festival given by this congregation, at their church was a complete success, in point of attendance, the number in which who were present, the members, the number who received the communion, and the Bazaar under their charge, a large and substantial building commensurate with their wants, and of sufficient size to accommodate about three thousand members.

ROBBERS.—There has been and is now much talk of the "robbers" in the city, in the vicinity of Union Park. Three boys, about fourteen years of age, and one young girl, are doubtless the guilty parties. They go about during the day to people's back doors, and, when a woman is at home, enter and thus get the money. They were discovered breaking into Mr. Handel's house on Sunday forenoon, while the family were at church, but got off. One of those of our readers who has been here, will be on the lookout for the young rascals.

NEW BOARD OF TRADE ROOMS.—Upwards of one thousand dollars have been subscribed by the members of the Board of the New Board of Trade, and new applications are presented almost daily. Owing to this unexpected and rapid increase in numbers, their present rooms are already at times full, and the Board of Trade, in order to meet the demand, have under consideration, the erection of a large and substantial building commensurate with their wants, and of sufficient size to accommodate about three thousand members.
